The image shows a technical drawing of a pocket pattern for a bag. It consists of several nested rectangular shapes with rounded corners, representing the main body of the pocket and its various layers. The text is centered within the innermost rectangle. The drawing is a simple line art on a white background.

The diagram shows a curved, elongated component with three concentric outlines. The innermost outline is a simple curve. The middle outline is a slightly wider curve. The outermost outline is the widest and has a small rectangular notch at its top end. A vertical arrow points downwards from the middle outline to the innermost outline. There are three small tick marks on the innermost curve: one near the top, one near the bottom, and one near the right side.
